

WHO I AM ?

(English homework)

I'm a person who is positive and friendly even though I'm a little shy. I'm often lazy and when it's for work, I do it frequently in the last minute if I'm not interested, except for group work.

I have a lack of self-confidence but more I grow up, and more I find this little lack and repair it.

I try to help a lot my entourage, even if it's too difficult.

People see me like a nice guy (I hope) and a funny one (also), but maybe some of my friend finds me a little bit stupid that I am in fact, maybe it's because I'm often lazy when we need to work or that I rely too much on what I've learned.

In the future, I want to find a complete self-confidence, even if it's almost impossible.

Also, I need to help more my entourage and people who need it, be less lazy erase my shyness.
